

Product Code

ECS308-3-H

- ◆ Chopped Strand
- ◆ Sizing Agent Code
- ◆ Cut Length
- ◆ Fiber Diameter

ECS308 is a chopped fiber specifically designed for reinforcing thermoplastic plastics, featuring precision surface treatment with advanced silane-based sizing agents. As a standard POM-specific modified product, it delivers excellent process operability. Widely used in transportation, electrical appliances, machinery manufacturing and other industrial sectors. The product is guaranteed to be NPE-free with superior quality.
